

## **Faculty and Staff giving**

Cox College faculty and staff are our partners in the future of healthcare. Their time, energy and talent helps Cox College reach its goals and enrich the education of all who walk through its halls. As part of the “Cox College Family”, they are committed to helping fulfill the needs of Springfield and the surrounding area by graduating top level health care professionals.

Our faculty and staff are critical players in our annual giving campaign, committing both time and resources to meeting our fundraising goals. Every staff and faculty donation helps show our commitment to alumni, parents, friends, foundations, and others in helping reach our mission of transforming the future of healthcare.

Faculty and staff have several payment options including cash, credit cards, check or payroll deduction – enabling many to make a larger gift over an extended period of time.
