

**LPN to Bachelor of Science in Nursing (BSN-E)  
Program Application cont.**

\_\_\_\_\_ All of the below listed courses MUST be completed or in progress at the time of your application.

Your GPA for selection into the LPN-BSN-E program will be determined by the completed courses from the list below. In Progress courses do not count in calculating your program GPA. You must have a minimum program cumulative GPA of 3.0, based upon a 4.0 scale. Verification of grades for courses marked “Complete” will be from official transcripts received by the College.

**All of the courses listed below MUST be completed prior to starting nursing courses.**

| <b>Course</b>                        | <b>Credits</b> | <b>Complete</b> | <b>Grade</b> | <b>In Progress</b> |
|--------------------------------------|----------------|-----------------|--------------|--------------------|
| Human Anatomy                        | 4              |                 |              |                    |
| Human Physiology                     | 4              |                 |              |                    |
| Microbiology                         | 4              |                 |              |                    |
| Fundamentals of Chemistry            | 4              |                 |              |                    |
| Fundamentals of Composition          | 3              |                 |              |                    |
| Expository Writing                   | 3              |                 |              |                    |
| Introduction to Psychology           | 3              |                 |              |                    |
| Introduction to Sociology            | 3              |                 |              |                    |
| Introduction to Professional Nursing | 3              |                 |              |                    |
| Life Span Development                | 3              |                 |              |                    |
| Health Assessment                    | 3              |                 |              |                    |
| Pathophysiology                      | 3              |                 |              |                    |

Successful applicants are exempt from Principles of Human Nutrition and Foundations of Professional Nursing and will receive “CV” credit. Successful applicants are eligible to take the ACE exams for Childbearing Families, Childrearing Families, pharmacology, and mental health. If you are successful in passing these exams, you will receive “CV” credit.

I have read and understand the requirements for applying and acceptance into Cox’s LPN to BSN-E program.
